

Cardiologist (Pacemaker/EP Focused)

Join us and help your career find its rhythm.

The Windsor Regional Hospital (WRH) Division of Cardiology is seeking a dedicated **General Cardiologist** with specialized training in **Pacemaker implantation/management and/or Electrophysiology (EP)** to join our thriving team. As the Regional Cardiac Centre for the Erie St. Clair region, we serve a catchment area of over 400,000 residents, providing essential, life-saving cardiac care. We offer a comprehensive, modern environment that includes a busy cardiac echocardiography lab and advanced services in nuclear cardiology and cardiac CT. While our team supports a high-volume cardiac catheterization lab, this specific position is designed to balance a general cardiology practice with a dedicated focus on pacemaker procedures.

Why Choose Cardiology at WRH?

- You will balance a robust general cardiology practice with the opportunity to utilize your specialized pacemaker and/or EP skills in a dedicated clinical setting.
- We provide up-to-date facilities, including a busy cardiac echocardiography lab and comprehensive nuclear cardiology and cardiac CT services.
- Work alongside a collegial, multidisciplinary team of cardiologists, specialized cardiac nurses, and technicians dedicated to patient safety.
- Enjoy the unique advantages of the Windsor-Essex region, which offers the cosmopolitan benefits of a border city-with proximity to Detroit's arts, culture, and sports-coupled with the tranquility and lower costs of a friendly, smaller community.
- The Cardiology Program is integral to the major reform of the Windsor-Essex Hospitals System, including the development of a state-of-the-art acute care hospital.

Your Responsibilities Will Include:

- Maintain a general cardiology clinical practice, providing consultation and follow-up care for a diverse patient population.
- Perform pacemaker procedures and provide device management as a primary clinical focus.
- Provide consultation services to the Emergency Department and inpatient units.
- Collaborate closely with the broader cardiology team to ensure optimal patient flow and continuity of care.
- Support the academic mission of the department by participating in the supervision and teaching of medical trainees.

What You Bring to Our Team:

- Specialized training and documented proficiency in Pacemaker implantation/management and/or Electrophysiology (EP) is **required**.
- Licensure with the College of Physicians and Surgeons of Ontario (CPSO).
- Certification (or eligibility) in Cardiology/Internal Medicine by the Royal College of Physicians and Surgeons of Canada.
- Proven experience in a high-volume center with proficiency in managing high-acuity cardiac patients.
- Experience in transesophageal echocardiography (TEE) will be considered an **additional asset**.

Please submit a most recent CV to:

Dr. Rafal Sieniawski – Head of Cardiology

Why Windsor Regional Hospital?

Windsor Regional Hospital (WRH) offers the opportunity for a fantastic career in an award-winning health care facility. WRH is a 600 bed multi-site health service organization providing Acute Medical and Surgical Services including Renal, Trauma, Emergency, Family Birthing Centre, Neonatal Intensive Care, Paediatric Services, Critical Care (ICU/CCU), Regional Cancer Services (Inpatient Oncology, Windsor Regional Cancer Centre, Breast Health Centre), Neurosciences and Mental Health Services to 400,000 people in Windsor and Essex County.

In recognition of the growing needs of the region, WRH plans for a major reform of the Windsor-Essex Hospitals System, which includes construction of a state-of-the-art acute care hospital. WRH is actively planning to break ground on the new acute care hospital in 2026. To learn more, go to <http://www.wrh.on.ca/windsorhospitals>

Why Windsor-Essex?

The Windsor-Essex area is ecologically rich with extensive parkland along with a southwest location that extends warm weather activities such as golfing, gardening, and water sports. Windsor offers the unique opportunities of a larger metropolitan area and the benefits of a smaller community. Living directly across the border from Detroit, Michigan places you on a cosmopolitan stage where arts, culture, big league sports, and entertainment are just moments away. Best of all, you can enjoy access to all of these big-city advantages while living in the relative tranquility (and low costs) of a much smaller, friendlier community.

OUR MISSION: PROVIDE QUALITY PERSON-CENTRED HEALTHCARE TO OUR COMMUNITY.
